Read Any Good Books Lately?

Every now and then we read a book that has such a positive impact on us we can't wait to share it with someone else. You can do just that at our April luncheon. This event will be very interactive as we'd like you to bring a book or two that has impacted you in some way. Maybe it's a business book, a motivational book, a self-help book or just a great read - bring it and share the story with the group. If you've written a book or know someone locally who has, please attend and tell us about the book. Dr. Gayle Sulik, local professor and author, will be present to share information and to help guide our discussion.

"Reading is a means of thinking with another person's mind; it forces you to stretch your own."
