

REMARKABLE YUKON WOMEN presents the lives and faces of 50 Yukon women through profiles and portraits crafted by author **Claire Festel** and artist **Val Hodgson**. The profiles and stories along with the painted portraits reveal much about the women and share insights into what life was—and is—really like for Yukon women. It is an untold story that provides understanding into how and why this remote frontier adds not just colour, but depth, sensitivity and strength to the Canadian story.
